

Dan Murray

Systems Engineer

Email: dan@sero.life

Visit: sero.group

Dan started with an apprenticeship in Plumbing and Heating. Qualifying in 2014, he has worked within the social housing industry for the past 5 years. Servicing and rectifying breakdowns, always with a big smile!

With a passion to move further on in his career Dan completed a level 4 NVQ in Project Management, alongside his full-time job.

After meeting James on a 'Stag do' he was very keen to become part of Sero. He had, had the 'pitch! With a drive to improve and learn Dan is very enthusiastic and is excited for his future at Sero and is keen to make a real difference within the housing sector.

In his spare time Dan loves nothing more than playing football on the weekends, walking, holidaying with his partner, baking, and playing the guitar when his not doing any of the above you will find him in the tattoo chair!
